Re: Umthun Trucking Co. - Buffalo, Ia.
Reconstructed Well
NCC Project No. 0016-00

Dear Roy:

Enclosed please find a copy of a drawing for the above referenced well as reconstructed by Winslow Drilling Company of Walcott, Iowa. We are forwarding this drawing as requested by Paul Lundy from your office in a letter dated April 9, 1984. The drawing was prepared from information supplied by the well driller.

It is our understanding that the owner of Umthun Trucking Company will be obtaining water samples for analysis. If you have any questions or require additional information, please advise.

Sincerely,
North Central Consultants, P.C.

Glen Vierkant
